

Dear Parents,

Attached you will find the summer reading list for your rising third grader. Each student must select 3 books from the list to read during the summer break. When the students return in August, each will be required to take an AR quiz for the books he/she read. The three AR test scores will be averaged together to count for the first test grade in Reading. Students may take notes as they read each book or use the enclosed book report form to record details and facts about each book. The students will be allowed to review the notes before the test, but they may not use them during the AR test.

Thank you for your support and have wonderful summer!

Summer Reading List
Student Entering 3rd Grade
